## Academic Experience

---

12/2016 - present: FAPESP Postdoctoral Fellow, Universidade de São Paulo, IAG.....

**Collaborator:** Dr. Cláudia Mendes de Oliveira

02/2019 - 02/2020: Research Associate, Steward Observatory, University of Arizona....

**Collaborator:** Dr. Dennis Zaritsky

## Education

---

2012 - 2013, 2014-2016: PhD in Astronomy, University of São Paulo, IAG

2013 - 2014: European Southern Observatory.....

**Thesis Title:** *Kinematics and Stellar Populations in the Nearby Universe*

**Supervisor:** Dr. Cláudia Mendes de Oliveira

**ESO supervision:** Dr. Magda Arnaboldi

**Brief Synopsis of Research:** The environment has an important role in the morphological transformations of galaxies. Using spectroscopic observations, we have studied the physical mechanisms that led to morphological transformations at the environments of groups and clusters. By the study of the kinematics and stellar populations of the cD galaxy NGC 3311 at the core of the Hydra I cluster, we have shown that the formation of its diffuse halo happened recently, with the merging events related to the formation of the BCG itself being responsible to unbound stars that ended up in the cD halo, with a contribution of satellite galaxies in groups.

2009 - 2011: MSc in Astronomy, University of São Paulo, IAG.....

**Dissertation Title:** *Photometry, Decomposition and Correlations for Nearby Spiral Galaxies from the GHASP Survey*

**Supervisor:** Dr. Cláudia Mendes de Oliveira

**Brief Synopsis of Research:** Spiral galaxies obey several scaling relations relating their sizes, luminosities and kinematics. In this study, we have deployed a detailed analysis of the photometry of 173 galaxies in the GHASP survey to obtain a precise characterization of scaling relations, including sub-components such as bulges and disks.

2005 - 2009: BSc in Physics, University of São Paulo, Institute of Physics.....

**Final essay:** *Photometry of Spiral Galaxies*

**Supervisor:** Dr. Cláudia Mendes de Oliveira

**Undergraduate Research in Theoretical Biophysics:** *The role of the anesthetics on neural signal propagation and the cellular membrane thermomechanic properties*

**Supervisor:** Dr. Carla Goldman

2002 - 2003: Technical Education in Refrigeration, SENAI Oscar Rodrigues Alves.....

Design, installation and maintenance of refrigeration and air conditioning facilities, from residential to industrial systems.

2000 - 2001: Professional Education in Machining, SENAI Mariano Ferraz.....

Theory and practice of the operation of lathes, milling machines, vertical drills and surface grinding machines. Technical drawing and AutoCAD training for design of mechanical systems. CNC programming for lathe and milling machine.

## Professional Memberships

---

**International Astronomical Union:** Junior member.

**Brazilian Astronomical Society:** Effective member.

## Organizing Committees

---

**LOC member:** SPAnet Workshop on Clusters of Galaxies and the Large-Scale Structure of the Universe, 03/2018

**LOC member:** ESO/NUVA/IAG Workshop on Challenges in UV Astronomy, 10/2013

## Grants

---

**FAPESP Postdoctoral Fellowship:** IAG, Universidade de São Paulo

São Paulo, Dec 2016 - present

**FAPESP Research Internships Abroad (BEPE):** Steward Observatory, University of Arizona

Tucson, Feb 2019 – Jan 2020

**FAPESP Research Internships Abroad (BEPE):** European Southern Observatory

Munich, Mar 2013 – Feb 2014

**FAPESP Doctoral Fellowship:** IAG, Universidade de São Paulo

Jan 2012 – Jun 2016

**FAPESP Masters Fellowship:** IAG, Universidade de São Paulo

São Paulo, Aug 2009 – Jun 2011

## Invited talks and courses

---

**Departamento de Astronomia da UFRGS:** Invited talk, 10/12/2021.

**Observatorio Astronómico de La Plata:** Visiting Professor (mini-course), 11/2018

**Observatorio Astronómico de La Plata:** Colloquium, 24/10/2018

**IAG/USP:** Colloquium, 08/2017

## Mentoring

---

**Undergraduate research:** Jessica Silva Amorim (08/2020 - present)

**Undergraduate research:** Matheus Zaghi de Oliveira (08/2017 - 08/2018)

## Non Academic Experience

---

**2006 - 2008: Administrative Intern, Library of the Biomedical Sciences Institute, University of São Paulo**.....

I performed a range of activities including the installation and administration of computers for the users, digitalization of numerous rare books and old slides and other assigned tasks. I have built a positive relationship with other members of the staff.

**2000 - 2005: CNC Lathe Operator, York International**.....

I worked at York International as an apprentice in Machining in parallel to my studies at the SENAI technical school, developing skills in diverse machine tools and in metrology. In the last year, I was dedicated to the programming and the operation of CNC lathes of different kinds. This job required abilities such as responsibility, ethics, constant focus and team abilities, which I have been using successfully in my professional career ever since.

## Skills

---

**Languages**.....

**Portuguese:** Native language

**English:** Fluent

**French:** Basic

**Software**.....

**Operating Systems:** Unix (Debian, Ubuntu, Mint) and Windows (XP, Vista, 8)

**Applications:** Microsoft Office Word, Excel and Power-Point and open-source equivalents (LibreOffice, OpenOffice).

**Programming:** Python, IDL, FORTRAN, C

**Astronomical Packages:** astropy, IRAF, PyRAF, diverse reduction packages (EsoReflex, dohydra)

**Other:** L<sup>A</sup>T<sub>E</sub>X, Git, GitHub, Overleaf, HTML

**Methods**.....

**Bayesian methods:** Probabilistic programming (pymc3), data analysis.
